Commissioner:

This is an amendment and response to the outstanding Office Action dated May 14, 2002 (paper # 11) in the present application. Please make the following amendments in the present application.

IN THE CLAIMS

Please amend the claims as follows:

1. (Amended Once) A method for enhancing acoustic signal buried in noise within a digitized acoustic input signal, including:
  - (a) transforming the digitized acoustic input signal to a time-frequency representation;
